Thump Toy • 扑通玩具 • 強打玩具

Written on board United Flight 869. SFO to HKG. That long ass flight is just as much to blame for this album as anything else. This is a nice beat to dance to.

Guilin Mifan • 桂林米凡 • 桂林米麵

This track was written on board the G2906 Bullet Train from Shenzhen to Guilin. It has beats with Chinese instruments. You could see the iconic mountain shapes of the area from the windows of the bullet train.

Stone Forest Vibration • 石林振動 • 石の森の振動

This track is from the bus ride to the Stone Forest, a Chinese National Park. The surrounding landscape has similar features that go on for a long time, giving way to this long, chill beat.

Nature's Heartbeat • 大自然的心跳 • 自然の心

This was written in the Himalayan foothills in Nepal, in a place called Pokhara. See if you can spot the hailstorm sample. This was written after Holi, the holiday where you put powder with colors all over everyone. The locals took us paragliding the next day.

This was actually my first Garageband track, a short track popped in here to segue from low energy to high energy. It was written inside the Apple Spaceship of Doom. They are weird, but they make some pretty nice music software!

FOMO・错失恐惧症・フォモ

We saw lots of clubs in Cabo San Lucas. And lots of FOMO. Here's to you FOMO!

Thanks to the people of China, Hong Kong, Nepal, Mexico, and good ol' 'Merica. Thanks to Doug Mason for travelling with me.
